

CLAIM SUMMARY / DETERMINATION FORM

Date	: 10/01/2010
Claim Number	: 910137-0001
Claimant	: State of Florida
Type of Claimant	: State
Type of Claim	: Removal Costs
Claim Manager	: ██████████
Amount Requested	: \$245.08

FACTS:

Oil Spill Incident: On April 2, 2010, a private citizen reported that there was an oil sheen on the surface waters of a canal behind his residence at 15 Crossbow Court, in Palm Coast, FL. The canal waters are directly connected to the Intra-Coastal Waterway (ICW), a navigable waterway of the U.S.

The Florida Department of Environmental Protection's, Bureau of Emergency Response (BER) investigator assigned to the case phoned USCG, Sector Jacksonville to notify them that an oil sheen had been reported. The BER investigator checked the National Response Center for a report of the sheen and found that there was no report. BER investigator filed an online report to the NRC.

The BER investigator arrived on-scene at the 15 Crossbow Court. The resident took the investigator to the canal to observe the sheen on the canal waters. It appeared to the investigator that the sheen collected on canal waters behind 20 Crossbow Court, which is a vacant lot. The sheen would not absorb onto pads.

USCG arrived and observed the oil sheen. After they checked for the source they determined that the sheen came from the ICW. But, the source of the sheen was not found and it was decided that the sheen would eventually dissipate.

Description of Removal Activities for this claimant: BER personnel did not clean up the oil sheen since it was determined to be unrecoverable but the BER investigator conducted an initial assessment and investigation. BER investigator notified the USCG Sector Jacksonville on April 2, 2010 and the National Response Center.

The Claim: On September 22, 2010, (DEP) submitted a removal cost claim to the National Pollution Funds Center (NPFC) for reimbursement of their uncompensated removal costs of State personnel, equipment, and administrative costs in the amount of \$245.08.

Florida DEP is claiming \$140.88 in State personnel expenses, \$82.19 in State equipment (vehicle and clothing) expenses and \$22.00 in State administrative documentation/photo fees.

APPLICABLE LAW:

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan." 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil."

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident."

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an

incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, “a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC.”

Under 33 CFR 136.205 “the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

DETERMINATION OF LOSS:

A. Overview:

1. FOSC coordination was provided by USCG Sector Jacksonville, FL on June 23, 2010.
2. The incident involved the discharge of “oil” as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted within the six year statute of limitations.
5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

B. Analysis:

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

On that basis, the Claims Manager hereby determines that the claimant did in fact incur \$245.08 of uncompensated removal costs and that the amount is payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the claimant and submitted to the NPFC under claim #910137-0001 for the assessment and investigation costs. The claimant states that all costs claimed are for uncompensated removal costs incurred by the claimant for this incident on April 2, 2010. The claimant represents that all costs paid by the claimant are compensable removal costs, payable by the OSLTF as presented by the claimant.

C. Determined Amount:

The NPFC hereby determines that the OSLTF will pay \$245.08 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 910137-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.

AMOUNT: \$245.08
