The Building Project

Covering Greene, and th

DAVID GILDERSLEEVE/The Daily Mail

RIGHT - LOCAL CONTRACTORS and volunteers chip in to place concrete on the Catskill Community Center gym floor. Stage two of the community-supported project is now complete, and the floor will soon be ready for its third and final stage. Community Center staff members and board president Tom Lauster are now exploring ways to finance finishing the court surface with an all-purpose composite surface for the floor. ABOVE - Coast Guard crewmen install ceiling tiles at the Catskill Community Center. Since there was no ice to cut, The USCG Penobscot Bay crew stopped over in Catskill to help renovate the center and the Catskill Village Police station. Crew members are expected to remain in the village until Thursday.
