Dear Mr. Garneau:

The Maroun Family's desire to build a second bridge between Southwest Detroit and Windsor is unthinkable. The Bridge Company has a long and well documented history of ignoring the concerns of residents of both cities. They run their privately held company as though it is "above the law" and will defy court orders, government rules and the general public in the name of making a profit. They annex property that doesn't belong to them. They pollute the land they own and land that they "pretend" to own. They do not maintain property that they own (e.g. the ruined train station in Detroit). The bottom line is that heavy truck traffic is not healthy for residential neighborhoods, in either country.

The continued lobbying on the part of the Maroun Family needs to ended. Period. No second bridge. Please put people ahead of one business owner and deny the request.

Thank you very much for your attention to this matter and for listening to the people who are already harmed by the private ownership of one bridge.

Sincerely,

Susan L. Shirkey
Property Owner: 1443 16th Street, Detroit, MI 48216
