Dear Sir,  
Please do not allow Matty Maroun to build the twin span.

A second span beside his existing one will continue to subject the citizens of Windsor in that area to the pollution, noise and congestion that will result from the traffic that will use it. The schools, businesses and residents deserve the right to quiet enjoyment of their property after so many years of heavy truck and car traffic.

On the moral level, Maroun has already done a great deal of damage to Windsor's west side. He bought and boarded up over 100 homes in a once-vibrant neighborhood. These houses are now rotting. To allow him to continue with his plan to build the twin span will reward his unacceptable tactics and further devastate the same area.

Thank you,  
Lori Lorimer,
