

## Scott Mercurio, Liquefied Gas Subject Matter Expert

Scott Mercurio is the Liquefied Gas as Fuel Subject Matter Specialist at the U.S. Coast Guard's Liquefied Gas Carrier National Center of Expertise (LGC NCOE), located in Port Arthur, TX.

He also serves as a subject matter specialist for vessels and barges carrying liquefied gases in bulk. Scott assists in the development and review USCG policy, regulations, procedures and standards related to LGCs and LNG fuel systems. In addition he assists in the development of vessel inspection qualification requirements and instructs at the Gas Carrier Inspector Course for USCG marine inspectors.

Scott joins the LGC NCOE after retiring from the Coast Guard with 26 years of ship board experience; 13 years of which were specialized in the marine safety field conducting Gas Carrier, Chemical Ship, Tank vessel, Foreign Freight inspections and Marine Casualty and Personnel Investigations.
