Notice of Advisory Committee Recommendations and Request for Comments on Recreational Vessel Accident Reporting

The Coast Guard has published a Notice of Advisory Committee Recommendations and Request for Comments relating to Recreational Vessel Accident Reporting. The notice announces the receipt of recommendations by the Coast Guard from the National Boating Safety Advisory Council (NBSAC) regarding potential ways to improve the recreational boating accident reporting process. It also seeks additional comments from individuals and states on a two-tiered accident reporting system, the burden involved in reporting accidents, and other alternative means of reporting or collecting information.

The Notice of Advisory Committee recommendations and request for comments may be reviewed at <http://www.regulations.gov> docket number: USCG-2011-0674.

For more information, please contact Mr. Jeff Ludwig, Office of Auxiliary and Boating Safety, Boating Safety Division, Coast Guard; telephone 202-372-1061.
