

Online Credential Verification Tool (Update)

In a bulletin issued on August 18, 2014, the National Maritime Center (NMC) announced an issue where postdated credentials were being prematurely displayed on the [Credential Verification Tool](#). This issue has been resolved. Users of the Credential Verification Tool are encouraged to report any anomalies in returned data to the NMC at IASKNMC@uscg.mil or 1-888-IASKNMC (427-5662).
