Re: Claim Number: N10036-1299

Dear Ms. Carden:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act of 1990, 33 U.S.C. § 2701 et seq. (OPA) and the associated regulations at 33 C.F.R. Part 136, denies payment on the claim number N10036-1299 involving the Deepwater Horizon oil spill. Please see the attached Claim Summary/Determination Form for further explanation.

You may make a written request for reconsideration of this claim. The reconsideration must be received by the NPFC within 60 days of the date of this letter and must include the factual or legal basis of the request for reconsideration, providing any additional support for the claim. However, if you find that you will be unable to gather particular information within the time period, you may include a request for an extension of time for a specified duration with your reconsideration request.

Reconsideration of the denial will be based upon the information provided. A claim may be reconsidered only once. Disposition of that reconsideration in writing will constitute final agency action. Failure of the NPFC to issue a written decision within 90 days after receipt of a timely request for reconsideration shall, at the option of the claimant, be deemed final agency action. All correspondence should include claim number N10036-1299.

Mail reconsideration requests to:

Enclosure: Claim Summary/Determination Form

CLAIM SUMMARY/DETERMINATION FORM

Claim Number	N10036-1299
Claimant	Advanced Metal Systems of Alabama, Inc.
Type of Claimant	Private (US)
Type of Claim	Loss of Profits and Impairment of Earning Capacity
Amount Requested	\$39,217.57

FACTS

On or about 20 April 2010, the Mobile Offshore Drilling Unit Deepwater Horizon (Deepwater Horizon) exploded and sank in the Gulf of Mexico. As a result of the explosion and sinking, oil was discharged. The Coast Guard designated the source of the discharge and identified BP as a responsible party (RP). BP accepted the designation and advertised its OPA claims process. On 23 August 2010, the Gulf Coast Claims Facility (GCCF) began accepting and adjudicating claims for certain individual and business claims on behalf of BP.

CLAIM AND CLAIMANT

On 11 August 2011, Ms. Sandra Carden, on behalf of Advanced Metal Systems of Alabama, Inc., (collectively Claimant) presented a claim to the Oil Spill Liability Trust Fund (OSLTF) for \$39,217.57.00 in loss of profits and impairment of earnings capacity resulting from the Deepwater Horizon oil spill.¹

Claimant is a construction company, in Elberta Alabama, specializing in seamless gutters. Claimant alleged that economic effects of the oil spill in Baldwin County, AL, resulted in losses to the Claimant's business.²

APPLICABLE LAW

Under the Oil Pollution Act of 1990 (OPA), at 33 U.S.C. § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into or upon the navigable waters or adjoining shorelines or the exclusive economic zone, as described in Section 2702(b) of OPA.

The OSLTF which is administered by the NPFC, is available, pursuant to 33 U.S.C. § 2712(a)(4) and § 2713 and the OSLTF claims adjudication regulations at 33 C.F.R. Part 136, to pay claims for uncompensated damages. One type of damages available pursuant to 33 C.F.R. § 136.231 is a claim for loss of profits or impairment of earning capacity due to injury to or destruction of natural resources.

Under 33 C.F.R. § 136.233 a claimant must establish the following:

- (a) That real or personal property or natural resources have been injured, destroyed, or lost.
- (b) That the claimant's income was reduced as a consequence of injury to, destruction of, or loss of property or natural resources, and the amount of that reduction.
- (c) The amount of the claimant's profits or earnings in comparable periods and during the period when the claimed loss or impairment was suffered, as established by income tax returns, financial statements, and similar documents. In addition, comparative figures for

profits or earnings for the same or similar activities outside of the area affected by the incident also must be established.

- (d) Whether alternative employment or business was available and undertaken and, if so, the amount of income received. All income that a claimant received as a result of the incident must be clearly indicated and any saved overhead and other normal expenses not incurred as a result of the incident must be established.

Under 33 C.F.R. § 136.105(a) and § 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 C.F.R. § 136.235, the amount of compensation allowable for a claim involving loss of profits or impairment of earning capacity is limited to the actual net reduction or loss of earnings or profits suffered. Calculations for net reductions or losses must clearly reflect adjustments for—

- (a) All income resulting from the incident;
- (b) All income from alternative employment or business undertaken;
- (c) Potential income from alternative employment or business not undertaken, but reasonably available;
- (d) Any saved overhead or normal expenses not incurred as a result of the incident; and
- (e) State, local, and Federal taxes.

- 2010 Form 4562

Prior to presentment to the NPFC, Claimant presented an Emergency Advance Payment (EAP) Claim to the RP/GCCF, as well as a First Quarter Interim Claim (ICQ22011) to the RP/GCCF, and was assigned Claimant ID 1141380. The EAP claim was assigned claim # 3009595 and ICQ12011 was assigned claim # 9304820. In ICQ12011, Claimant sought \$46,725.35 in lost profits and earning capacity due to economic effects of the Deepwater Horizon oil spill.³ EAP and ICQ2011 were denied prior to presentment to the NPFC.

On 11 August 2011, Claimant presented this claim for \$39,217.57 in loss of profits and impairment of earnings capacity resulting from the Deepwater Horizon oil spill. Because this claim has been previously adjudicated by the RP/GCCF, the NPFC has the capacity to adjudicate the entirety of this loss of profits claim, in the amount of \$39,217.57, as presented to the NPFC.

NPFC Determination

Under 33 U.S.C. § 2702(b)(2)(E) and 33 C.F.R. Part 136, a Claimant must prove that her loss of income was due to injury, destruction or loss of real or personal property or of a natural resource as a result of a discharge or substantial threat of a discharge of oil. Under 33 C.F.R. § 136.105(a)

³ Copy of GCCF Claim Form, showing business claimant information, claiming \$46,725.35 in lost earnings or profits, provided by Claimant.

and § 136.105(e)(6), the Claimant bears the burden of providing to the NPFC all evidence, information, and documentation deemed necessary by the Director, NPFC, to support her claim.

In order to prove a claim for loss of profits and impairment of earnings capacity under OPA, the Claimant must demonstrate (1) an actual financial loss, and (2) that the loss was a result of the discharge or substantial threat of discharge of oil.

The NPFC reviewed all information and documentation provided by the Claimant. Profit and loss statements provided by the Claimant do not indicate that the Claimant's earnings were affected by the oil spill. For example, in April of 2010, the Claimant reported a loss of \$4,153.90,⁴ indicating that revenue was decreasing in the period leading up to the oil spill. Furthermore, in the months of May – December 2008 compared to those months in 2009, the Claimant's profits decreased by 167.81%, indicating a clear downward trend in revenue in the year before the oil spill.⁵

Comparing 2010 to 2009, the Claimant's business in the months following the oil spill was actually more profitable than it was in those months during the previous year. For the period of May – December 2009, Claimant lost \$16,332.75, with gross sales of \$95,857.28.⁶ During the period of May – December 2010, Claimant earned profits of \$11,377.78 with gross sales of \$116,333.30.⁷ The evidence provided by the Claimant clearly indicates that the Claimant was significantly more profitable from May-December 2010 than during those same months the prior year. As such, the Claimant's past performance does not indicate that the Claimant's business was affected by the oil spill.

Furthermore, the Claimant does not provide evidence to indicate that any particular job(s) were lost or cancelled as a result of the oil spill. Claimant included estimates for work to be done for various clients, all marked with the notation "cancelled due to funds." However, the Claimant does not provide evidence to show that any of this work was ever scheduled for completion, nor does she provide information that would corroborate that those who sought estimates, but did not pursue work with Advance Metal Systems, did so because they were affected by the oil spill.

This claim is denied because the Claimant failed to meet her burden to demonstrate (1) that there was an alleged loss in the amount of \$39,217.57, and (2) that the alleged loss is due to the injury, destruction or loss of property or natural resources as a result of a discharge or substantial threat of a discharge of oil.
