

## CLAIM SUMMARY / DETERMINATION FORM

Date	: 10/20/2009
Claim Number	: 910023-001
Claimant	: State of Florida
Type of Claimant	: State
Type of Claim	: Removal Costs
Claim Manager	: Alyssa Lombardi
Amount Requested	: \$3664.57

### **FACTS:**

***Oil Spill Incident:*** On January 27, 2009, Florida Department of Environmental Protection (FL DEP) received a call from the Florida Department of Transportation that oil had spilled in Mulberry into a drainage culvert on County Right-of-Way. This culvert drained a half mile away into the North prong of the Alafia River, which proceeds into Tampa Bay, both navigable waterways in the US.<sup>1</sup>

Florida Bureau of Emergency Response (BER) responded, conducting an initial investigation. It was observed that oil had impacted the soils measuring 10' by 4' and that two 5-gallon containers had broken into pieces and spilled their contents onto the soil. Therefore, it is estimated that between 10 and 12.5 gallons of oil spilled into the culvert. Additionally, three 2.5-gallon containers and one 5-gallon bucket, all containing waste oil, were found on scene and later removed (See NPFC Claim # 910024-001). BER contracted Southern Waste Services (SWS) to clean the spill site. This incident was reported to the National Response Center (NRC) on February 6, 2009 via Report # 896746. BER determined that the Responsible Party (RP) was unknown.<sup>2</sup>

***Description of Removal Activities for this claimant:*** On January 29, 2009, SWS responded by covering the impacted area with visqueen and deploying absorbent boom. About a week later, on February 5, 2009, BER and SWS returned to the spill site to conduct contaminated soil removal and sampling. One dump truck of contaminated soil was removed from the culvert, which was later backfilled and graded. After receiving the analytical reports regarding the soil test samples, it was determined that the cleanup target levels were met and no further cleanup was necessary.

***The Claim:*** On October 7, 2009 the FL DEP submitted a removal cost claim to the National Pollution Fund Center (NPFC) for reimbursement of their uncompensated removal costs of State personnel, equipment and administrative costs in the amount of \$3664.57.

FL DEP is claiming \$230.01 in State personnel expenses, \$3,319.97 in State contractor expenses, \$92.59 in State equipment (vehicle, pads, and clothing) expenses and \$22.00 in State administrative documentation/photo fees. The removal costs are based on the rate schedule in place at the time services were provided. A copy of the vendor rate schedule is provided in the claim submission.

<sup>1</sup> See Claim submission forms, submitted by State of Florida to the NPFC on 10/7/2009.

<sup>2</sup> See Claim submission forms, submitted by State of Florida to the NPFC on 10/7/2009 and NRC report # 896746, dated February 6, 2009.

This claim consists of copies of the invoicing and associated dailies, copies of contracted rate schedules, a copy of NRC Report #896746, a copy of State of Florida Emergency Response Incident Report (including a signed copy from the US EPA), a copy of FL BER Contracts/Work Authorization Forms, a copy of Lakeland Laboratories Analytical Report, a copy of the Non-Hazardous Waste Disposal Manifest, photographs, and internal email correspondence.

The review of the actual cost invoicing and dailies focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were consistent with the NCP or directed by the FOOSC, and (4) whether the costs were adequately documented.

### **APPLICABLE LAW:**

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party’s liability will include “removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan”. 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean “oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil”.

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as “the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident”.

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that “If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund.”

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, “a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC.”

Under 33 CFR 136.205 “the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

### **DETERMINATION OF LOSS:**

#### ***A. Overview:***

1. The FOSC coordination has been established via Mr. Rick Jardine with the US EPA.<sup>3</sup>
2. The incident involved the discharge of “oil” as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted on time.
5. No RP was identified.
6. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

#### ***B. Analysis:***

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

---

<sup>3</sup> See Claim submission forms, submitted by State of Florida to the NPFC on 10/7/2009.

The Claims Manager confirmed that there was FOSC coordination through the US EPA on February 6, 2009. The Claims Manager validated the costs incurred and determined they were reasonable and necessary and performed in accordance with the National Contingency Plan (NCP).

On that basis, the Claims Manager hereby determines that the claimant did in fact incur \$3,664.57 of uncompensated removal costs and that that amount is properly payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the claimant and submitted to the NPFC under claim #910023-001. The claimant states that all costs claimed are for uncompensated removal costs incurred by the claimant for this incident from January 27, 2009 through August 12, 2009. The claimant represents that all costs paid by the claimant are compensable removal costs, payable by the OSLTF as presented by the claimant.

***C. Determined Amount:***

The NPFC hereby determines that the OSLTF will pay \$3,664.57 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 910023-001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.

Re: Claim Number 910023-001  
Florida Case # 2009-4I-40914

Dear Ms. Peggy Brown:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that \$3,664.57 is full compensation for OPA claim number 910023-001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

If you accept this determination, please sign the enclosed Acceptance/Release Form where indicated and return to the above address.

If we do not receive the signed original Acceptance/Release Form within 60 days of the date of this letter, the determination is void. If the determination is accepted, an original signature and a valid tax identification number (EIN or SSN) are required for payment. If you are a Claimant that has submitted other claims to the National Pollution Funds Center, you are required to have a valid Central Contractor Registration (CCR) record prior to payment. If you do not, you may register free of charge at [www.ccr.gov](http://www.ccr.gov). Your payment will be mailed or electronically deposited in your account within 60 days of receipt of the Release Form.

If you have any questions or would like to discuss the matter, you may contact me at the above address or by phone at [REDACTED]

Sincerely,

Alyssa Lombardi  
Claims Manager

Claim Number: 910023-001 Florida Case # 2009-4I-40914	Claimant Name: State of Florida ATTN: Peggy Brown Department of Environmental Protection Bureau of Emergency Management 3900 Commonwealth Blvd. Tallahassee, FL 32399-3000
--	---

I, the undersigned, ACCEPT the settlement offer of \$3,664.57 as full compensation for all removal cost claims, except those for natural resource damages, associated with the below described incident. Other than possible claims for natural resource damages, this settlement represents full and final release and satisfaction of all removal cost claims under the Oil Pollution Act of 1990 (33 U.S.C. 2712(a)(4), arising from an oil pollution incident documented in the above noted Florida case number. This settlement is not an admission of liability by any party.

I hereby assign, transfer, and subrogate to the United States all rights, claims, interest and rights of action, except those for natural resource damages that I may have against any party, person, firm or corporation that may be liable for the loss. I authorize the United States to sue, compromise or settle in my name and the United States fully substituted for me and subrogated to all of my rights arising from the incident. I warrant that no legal action has been brought regarding this matter and no settlement has been or will be made by me or any person on my behalf with any other party for costs which are the subject of the claim against the Oil Spill Liability Trust Fund (Fund).

I, the undersigned, agree that, upon acceptance of any compensation from the Fund, I will cooperate fully with the United States in any claim and/or action by the United States against any person or party to recover the compensation. The cooperation shall include, but is not limited to, immediately reimbursing the Fund any compensation received from any other source for the same claim, providing any documentation, evidence, testimony, and other support, as may be necessary for the United States to recover from any other person or party.

I, the undersigned, certify that to the best of my knowledge and belief the information contained in this claim represents all material facts and is true. I understand that misrepresentation of facts is subject to prosecution under federal law (including, but not limited to 18 U.S.C. 287 and 1001).
