

## CLAIM SUMMARY / DETERMINATION FORM

Date	: 7/12/2010
Claim Number	: 910109-001
Claimant	: Oil Mop, LLC
Type of Claimant	: OSRO
Type of Claim	: Removal Costs
Claim Manager	: Felita Jackson
Amount Requested	: \$14,051.50

### **FACTS:**

- 1. *Oil Spill Incident:*** On Friday, July 24, 2009, twenty gallons of crude oil discharged from a ruptured pipeline of ANLOC, LLC's (ANLOC) onshore well at the production facility six miles west of the Sabine Pass, in Sabine, Texas. The Sabine Pass is the natural outlet of the Sabine Lake into the Gulf of Mexico, a navigable waterway of the United States. Alexandra Archer, ANLOC's Office Manager, reported the incident to the National Response Center (NRC).<sup>1</sup> Oil Mop, LLC (OMI) began the clean up under the direction of the Texas General Land Office (TGLO). By Tuesday, July 28, 2009, OMI and ANLOC entered into an emergency contract agreement requesting that OMI provide labor, equipment, supplies and materials to control, contain, and clean up the oil discharge.
- 2. *Description of Removal Activities for this Claim:*** OMI worked to contain the spill with containment boom, sorbent boom and absorbent pads, as well as cleaned the beach front area at the canal outlet to the Gulf. On Monday, July 27, 2009, at nine o'clock that morning, OMI returned to the site and met with Mr. Darcey of TGLO. It was determined that the containment boom should not be taken up from the spill site. Mr. Mike Bradley of ANLOC, the responsible party (RP), was contacted regarding the incident, and by noon he had contacted OMI to perform the maintenance work at the site. The scope of work included removing the oily absorbent pads and sorbent boom; raking the canal walls; removing oily reeds from the raked areas; and double bagging the items and placing them in a roll-off box. The boom remained at the site and was not to be removed until OMI was contacted by the RP to do so. On Monday, August 3, 2009, the clean-up was completed and the site was ready for inspection. On Wednesday, August 26, 2009, three oil samples were taken of the dirt, oily pads, and liquids at the site. Disposal was completed on Wednesday, September 23, 2009. They deployed a supervisor or a foreman with technicians each day of the clean-up; one technician to gather analysis samples; and at least one truck and a spill trailer for the containment and clean up.
- 3. *The Claim:*** On June 1, 2010, OMI submitted a removal cost claim to the NPFC, for reimbursement of their uncompensated removal costs in the amount of \$14,051.50. On June 2, 2010, the NPFC issued a Responsible Party (RP) Notification Letter to ANLOC advising that OMI had submitted a claim which identified the company as the RP for the oil spill incident. Per the claim submission of OMI, they have made numerous attempts to collect payment from the RP.

---

<sup>1</sup> See NRC Report #912605.

The claim consists of invoices, signed daily field logs, the signed Emergency Service Contract, waste manifest and oil sample analysis reports. The NPFC's review of the actual cost invoice and related documents focused on: (1) whether the actions taken were compensable "disposal actions" under OPA and the claims regulations at 33 CFR 136 (e.g. actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken are determined to be consistent with the National Contingency Plan (NCP) or directed by the (Federal On-Site Coordinator) FOSC; and (4) whether the costs were adequately documented and reasonable.

**APPLICABLE LAW:**

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan" 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil."

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident."

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, “a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC.”

Under 33 CFR 136.205 “the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

### **DETERMINATION OF LOSS:**

#### **A. Overview:**

1. The NPFC has determined that the actions undertaken by the claimant are deemed consistent with the NCP. This determination is made in accordance with the Delegation of Authority for Determination of Consistency with the National Contingency Plan (NCP) for the payment of uncompensated removal cost claims under section 1012(a)(4), Oil Pollution Act of 1990. (See, Delegation of Authority from COMDT ltr 5760/3 of 27 July 1992).
2. The incident involved the discharge of “Oil” as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR§ 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. In accordance with 33 CFR §136.101(a)(2), the claim was submitted on time.
5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR§136.205 as set forth below.

#### **B. Analysis:**

The NPFC Claims Manager has reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, and (4) whether the costs were adequately documented and reasonable.

The Claims manager reviewed all costs incurred and confirmed the rates charged were in accordance with the rate schedule in place at the time services were rendered. On that

basis, the Claims Manager hereby determines that the Claimant did in fact incur \$14,051.50 of uncompensated removal costs and that that amount is payable by the OSLTF as full compensation for the OPA compensable reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 910109-001. The Claimant states that all costs claimed are for uncompensated removal costs incurred by the Claimant for this incident on July 24, 2009.

**C. *Determined Amount:***

The NPFC determines that the OSLTF will pay \$14,051.50 as full compensation for the OPA compensable reimbursable removal costs incurred by the Claimant and submitted to the NPFC under Claim Number 910109-001.

Re: Claim Number 910109-001

Dear Mr. Prest:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that \$14,051.50 is full compensation for OPA claim number 910109-001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

If you accept this determination, please sign the enclosed Acceptance/Release Form where indicated and return to the above address.

If we do not receive the signed original Acceptance/Release Form within 60 days of the date of this letter, the determination is void. If the determination is accepted, an original signature and a valid tax identification number (EIN or SSN) are required for payment. If you are a Claimant that has submitted other claims to the National Pollution Funds Center, you are required to have a valid Central Contractor Registration (CCR) record prior to payment. If you do not, you may register free of charge at [www.ccr.gov](http://www.ccr.gov). Your payment will be mailed or electronically deposited in your account within 60 days of receipt of the Release Form.

If you have any questions or would like to discuss the matter, you may contact me at the above address or by phone at [REDACTED]-[REDACTED]

Sincerely,

Felita Jackson  
Claims Manager

Claim Number: 910109-001	Claimant Name: Oil Mop, LLC 131 Keating Drive Belle Chasse, LA 70037
--------------------------	--

I, the undersigned, ACCEPT the determination of \$14,051.50 as full compensation for the removal costs incurred.

This determination represents full and final release and satisfaction of all removal costs incurred under the Oil Pollution Act of 1990 (33 U.S.C. 2712(a)(4)), associated with the above referenced claim. This determination is not an admission of liability by any party. I hereby assign, transfer, and subrogate to the United States all rights, claims, interest and rights of action, that I may have against any party, person, firm or corporation that may be liable for the loss. I authorize the United States to sue, compromise or settle in my name and the United States fully substituted for me and subrogated to all of my rights arising from the incident. I warrant that no legal action has been brought regarding this matter and no settlement has been or will be made by me or any person on my behalf with any other party for costs which are the subject of the claim against the Oil Spill Liability Trust Fund (Fund).

I, the undersigned, agree that, upon acceptance of any compensation from the Fund, I will cooperate fully with the United States in any claim and/or action by the United States against any person or party to recover the compensation. The cooperation shall include, but is not limited to, immediately reimbursing the Fund any compensation received from any other source for the same claim, providing any documentation, evidence, testimony, and other support, as may be necessary for the United States to recover from any other person or party.

I, the undersigned, certify that to the best of my knowledge and belief the information contained in this claim represents all material facts and is true. I understand that misrepresentation of facts is subject to prosecution under federal law (including, but not limited to 18 U.S.C. 287 and 1001).
