Claim Number	: 911004-0001
Claimant	: State of Texas
Type of Claimant	: State
Type of Claim	: Removal Costs
Claim Manager	: Felita Jackson
Amount Requested	: \$4,011.26

### **FACTS:**

**1. Oil Spill Incident:** On July 30, 2009 tar balls, patties, and mats were discovered on the Gulf Beach of Matagorda Island in Calhoun County, Texas. Matagorda Island is on the Gulf of Mexico, a navigable waterway of the United States. The tar balls, patties, and mats spill was reported to the Texas General Land Office (TGLO) and State On-Scene Coordinators (SOSCs) Kim Griffith and James Schuler responded to the incident. It was determined that approximately 300 gallons of tar balls, patties, and mats washed ashore. The source and responsible party (RP) are unknown. TGLO's on-scene personnel coordinated with the Federal On-Scene Coordinator Representative (FOSCR), MSSD3 Richard Dawson to take the lead for clean-up and disposal.

**2. Description of Removal Activities for this Claimant:** Martin Midstream (Martin) was hired for the removal and disposal of the tar balls, patties and mats on the impacted areas. The TGLO response officers assisted and monitored the response actions and ensured the clean-up was consistent with the National Contingency Plan. The clean up continued through August 20, 2009. Invoices include TGLO personnel and equipment expenses (vehicle use) for mitigation of the spill.

**3. The Claim:** On October 15, 2010, TGLO submitted a removal cost claim to the National Pollution Funds Center (NPFC) for reimbursement of their uncompensated removal costs in the amount of \$4,011.26.

TGLO is claiming personnel expenses of \$728.92 for two employees, State equipment expenses of \$2,784.33, other expenses for fuel costs and disposal of 179.11, and indirect expenses of \$318.90.

This claim consists of copies of the invoicing and associated dailies, copies of EnviroSolutions Non-Hazardous Special Waste Manifests, Texas General Land Office and United States Coast Guard Agreement, photographs, and TGLO Response Summary.

The review of the actual cost invoicing and dailies focused on: (1) whether the actions taken were compensable "removal actions" under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were consistent with the NCP or directed by the FOOSC, and (4) whether the costs were adequately documented.

### **APPLICABLE LAW:**

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan" 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil."

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident."

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, "a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC."

Under 33 CFR 136.205 “the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

**DETERMINATION OF LOSS:**

**A. *Overview:***

1. The FOSC coordination was provided by MSSD3 Richard Dawson of the United States Coast Guard Sector Corpus Christi.
2. The incident involved the discharge of “oil” as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted on time.
5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205 as set forth below.

**B. *Analysis:***

The NPFC Claims Manager has reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, and (4) whether the costs were adequately documented and reasonable.

On that basis, the Claims Manager hereby determines that the Claimant did in fact incur \$4,011.26 of uncompensated removal costs and that that amount is properly payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim 911004-0001. The Claimant states that all costs claimed are for uncompensated removal costs incurred by the Claimant for this incident on July 30, 2009. The Claimant represents that all costs paid by the Claimant are compensable removal costs, payable by the OSLTF as presented by the Claimant.

**C. *Determined Amount:***

The NPFC determines that the OSLTF will pay \$4,011.26 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 911004-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by Claimant.
