Dear Mr. Byers:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that \$8,002.00 is full compensation for OPA claim number 913012-0001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

CLAIM SUMMARY / DETERMINATION

Claim Number:	913012-0001
Claimant:	State of Washington
Type of Claimant:	State
Type of Claim:	Removal Costs
Claim Manager:	Galen Wetzel
Amount Requested:	\$8,098.00

FACTS:

Oil Spill Incident: On March 31, 2012, the State of Washington Department of Ecology (Ecology) responded to Neah Bay, WA for a report of a sunken vessel that was leaking fuel and causing a sheen on the water. The vessel was identified as the 30 foot pleasure craft, Little Gypsy (WN7495JA). USCG records for this incident has the name of the vessel as the Lil Gypsy with the same official numbers. The incident was reported to the National response Center (NRC) via report # 1007347 dated March 30, 2012. The Responsible Party (RP) has been identified as Mr. Donald Jaime. The NPFC sent an RP Notification letter advising the RP of the claim.

Description of Removal Activities: On March 31, 2012, Ecology retained the services of National Response Corporation Environmental Services (NRCES) to deploy boom around the sunken vessel. On April 5, 2012, the USCG contracted Global Diving to remove the remaining fuel oil from the vessel. On April 9, 2012, the containment boom was removed and the Mekah Tribe raised the vessel and removed it from the water.

The Claim: On November 6, 2012, State of Washington presented a removal cost claim to the National Pollution Funds Center (NPFC) for reimbursement of their uncompensated removal costs in the amount of \$8,098.00.

APPLICABLE LAW:

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan". 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil".

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident".

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to

recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that “If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund.”

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, “a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC.”

Under 33 CFR 136.205 “the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

DETERMINATION OF LOSS:

A. Overview:

1. FOSC coordination was made by USCG Sector Puget Sound.
2. The incident involved the discharge of “oil” as defined in OPA 90, 33 U.S.C. §2701 to “navigable waters.”
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed costs.
4. In accordance with 33 U.S.C. § 2712(h)(2), the claim was submitted within the six year statute of limitations for removal costs.
5. The NPFC Claims Manager thoroughly reviewed all documentation submitted with the claim and determined what costs presented were for actions in accordance with the NCP and that the costs for these actions were reasonable and allowable under OPA and 33 CFR § 136.205.

B. Analysis:

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were

incurred as a result of these actions; (3) whether the actions taken were determined by the FOOSC, to be consistent with the NCP or directed by the FOOSC, and (4) whether the costs were adequately documented and reasonable.

The Claimant is requesting \$96.00 for Outside Services to Department of Labor for Prevailing Wage Paperwork. The NPFC will not reimburse for overhead administrative costs because it is considered an unsubstantiated indirect cost. Therefore, the administrative costs of \$96.00 are denied.

All other costs were validated and the NPFC has determined the costs were reasonable, necessary and performed in accordance with the National Contingency Plan (NCP).

On that basis, the Claims Manager hereby determines that the Claimant did in fact incur \$8,002.00 of uncompensated removal costs and that amount is payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim #913012-0001. The Claimant states that all costs claimed are for uncompensated removal costs incurred by the Claimant for this incident on March 31, 2012. The Claimant represents that all costs paid by the Claimant are compensable removal costs, payable by the OSLTF as presented by the Claimant.

C. Determined Amount:

The NPFC hereby determines that the OSLTF will pay \$8,002.00 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim #913012-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimants.
